

# Passport to Summer Camp Discovery

Summer 2010 Day Camp Program  
Discovery Science Place

## WEEK 1 (JUNE 7-11)

**Diggin' Dinos** – become a paleontologist for the week and learn about dinosaurs. Enjoy the DSP dig pit. Age 4-6

**The Science of Harry Potter (½ day AM)** – Attention all Hogwarts students! Join us for the summer term as we explore potions, spells and charms from all your favorite Harry Potter adventures. Age 9-12

**Flight! (½ day AM)** How does a hot air balloon work? The basic principles of flight, which include many elementary physics concepts, can be easily observed in familiar aircraft from kites to airplanes. Start with basics and end with launching your own rocket! Age 9-12

**Simple machines** – build cars and other fun inventions while learning about simple machines using Ubersticks and found objects. Age 7-9

**Can You Dig It** - Discover the sciences of archaeology and paleontology. Learn fascinating facts about your favorite dinos. Learn about ancient civilizations and creatures. Age 7-9

**Exploring Paleontology (½ day PM)** - Become a field scientist for a week and discover the world of Archaeology and Paleontology. Learn about ancient civilizations and creatures. Age 10-12
