

**Discovery Science Place  
Mobile STEM Lab and Discovery Dome  
Coronavirus Safety Protocols**

**This is not medical or legal advice. These efforts can reduce but do not eliminate the risk of transmission.**

**Physical Distancing**

- Maintain at least a **2-meter (six foot)** distance when possible between people who do not cohabitate together

**Administrative and engineering controls**

- Avoid sharing supplies if possible; if sharing is necessary due to supply, clean and disinfect between students, sanitizer will be onsite and used by facilitators
- Restrict entry of volunteers and non-essential visitors to Lab or Dome
- Protocols exist to limit contact between students and facilitators of the Mobile STEM Lab and Dome
- Face coverings or mask will be worn at all times by facilitators of the Mobile STEM Lab and Dome
- Face coverings are required of all visitors/students to the Mobile STEM Lab and Dome

**Modify Layouts**

- Physical cues are placed inside the Mobile STEM Lab and Dome to ensure staff and visitors respect physical distancing.
- Capacity is limited inside Mobile STEM Lab and Dome to also ensure proper physical distancing
- One way circulation will be enforced inside the Mobile STEM Lab to ensure physical distancing

**Materials and Activities**

- Signs will be posted inside Mobile STEM Lab to remind students of safe practices
- Announcements or communication will be paramount in informing procedure to visitors/students in the Dome and Mobile STEM Lab
- Attendee records (as appropriate regarding FERPA regulations) will be requested of campuses to allow for contact tracing should sickness occur.
- High touch areas will be disinfected during and between each student group/show in the Mobile STEM Lab and Dome

**Up to date information on Operation Considerations are presented online at <https://www.cdc.gov/coronavirus/2019-ncov/global-covid-19/schools.html>**
